

Created With Care

By Cassie and Simon

As a research scientist, parent, and educator, I create every educational resource with purpose and care. I use my scientific expertise and years of teaching experience to make activities that help kids internalize scientific concepts while having fun. I truly hope you enjoy this resource and that it helps you discover your inner scientist.

Thank you for downloading!!

If you find this resource helpful, please leave a review!

It really helps grow this small business so we can share the joy of science with as many students as possible.

Visit our social media accounts for free and fun educational resources!

for

Pick up litter during your observation trip

Presented By

Date

Certificate of Achievement

Seasonal Scientist

Awarded to

for

Make an observation in all 4 seasons

Presented By

Date

Certificate of Achievement

Water Watcher

Awarded to

for

Observe life in or near a body of water

Presented By

Date

Certificate of Achievement

Science Sketcher

Awarded to

for

Draw 3 organisms in your logbook

Presented By

Date

Certificate of Achievement

Data Detective

Awarded to

for

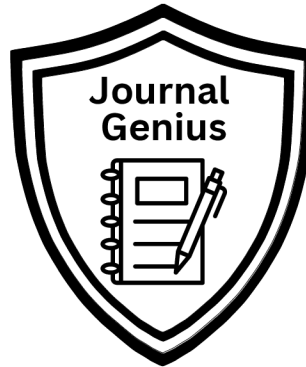

Submit an observation to a citizen science project
(like iNaturalist)

Presented By

Date

Certificate of Achievement

Journal Genius

Awarded to

for

Fill 10 full log entries

Presented By

Date

Certificate of Achievement

Question Collector

Awarded to

for

Write down 5 scientific questions while observing

Presented By

Date

Certificate of Achievement

Traveling Tracker

Awarded to

for

Make an observation while on vacation or a trip

Presented By

Date

Certificate of Achievement

Streak Star

Awarded to

for

Observe something every day for a week

Presented By

Date

Certificate of Achievement

Name Master

Awarded to

for

Write the scientific name of 3 species
